

From

Motor Vehicle emission testing centre association,
Madurai.

To

Vehicle emission testing machine manufacturers,
Chennai.

Sub: Regarding interlinking the vahan Database for the issuance
of Pollution Certificate.

Sir,

With reference to the letter subjected to the interlinking of
pollution centres with Vahan Database from Transport Department
Chennai.

We have planned to update all the pollution testing machines
(Petrol/Diesel) in our state from our Association directly. So, below
written options are the possibilities that can done:-

- Updation of old machines with vahan portal (Petrol/Diesel)
- Exchange of old machines (Petrol/Diesel)
- Cost of Updated new machines (Petrol/Diesel)

So, you are requested to kindly mention the charges for all the
above written and also, the AMC charges for the machines
(Petrol/Diesel). After your intimation of the same, we will discuss that
in our association meeting and also inform you about our convinience
as early as possible. Hoping the charges will be suitable and
reasonable.

We would be grateful for your kind Co-operation and look
forward for your inputs.

Thanking you.

Yours faithfully
